Skiers/Snowboarders Responsibility Code

There are elements of risk in skiing /snowboarding that common sense and personal awareness can help reduce:

- 1.) Ski under control and in such a manner that you can stop or avoid other skiers or objects.
- 2.) When skiing downhill or overtaking another skier, you must avoid the skier below you.
- 3.) You must not stop where you obstruct a trail or are not visible from above.
- 4.) When entering a trail or starting downhill, yield to other skiers.
- 5.) All skiers shall use devices to help prevent runaway skiers.
- 6.) You shall keep off closed trails and posted areas and observe all posted signs.

Officially endorsed by NATIONAL SKI AREAS ASSOCIATION

This is a partial list. Please request complete Skier's Responsibility code at the Ski School desk.

WARNING TO SKIERS AND SNOWBOARDERS: Downhill skiing, as other sports, contains inherent risks, including but not limited to the risk of personal injury, including catastrophic injury or death or property damage, which may be caused by variations in terrain or weather conditions or surface or sub-surface snow, ice, bare spots or areas of thin cover, moguls, ruts, bumps or other persons using the facilities; or rocks, branches, forest growth, debris, roots, stumps, or other natural objects or man-made objects that are incidental to the provision or maintenance of a ski facility in New York State. New York State law imposes a duty on you to become apprised of and understand the risks inherent in the sport of skiing, which are set forth above, so that you may make an informed decision of whether to participate in skiing notwithstanding the risks. New York also imposes additional duties upon you, to which you must adhere, for the purpose of avoiding injury caused by any of the risks inherent in skiing. A complete list of these responsibilities are posted at the area under the New York State Industrial code rule #54 (safety in skiing) If you are not willing to assume all of these risks and abide by these duties, you must not participate in skiing at this area.

Willard Mountain strongly suggests the use of a helmet at all times while skiing and riding.
