**RENTAL EQUIPMENT** – If you need to rent equipment for your program, just fill out that portion of the registration form. Once you are registered, come up and get fitted for your equipment. We will then reserve a set of equipment for you, for your program, for the entire season, enabling you to get out on the slopes faster when you come each time to ski or snowboard. The Rental Shop is downstairs in the Lodge and fittings can be done weekends from 10:00 am till 4:00 pm. Starting in mid October.

**WHAT TO WEAR** – Because weather conditions vary throughout the winter, as well as from early morning to late afternoon and evening, dressing in layers seems to work best. If you are a new skier, you may want to “finish” off the layers with a water repellent snow or wind pant to keep you dry. You may also want to pack a bag with extra dry gloves, hats or socks. Planning ahead helps insure a fun experience.

***Willard Mountain strongly suggests the use of a helmet while riding and skiing.*** We have a wide selection of helmets for sale in our retail shop or we can fit you into a rental helmet for use while you are here. Remember, making sure a helmet properly fits is just as important as wearing one in the first place.

**REFUNDS-** At Willard we strive to make your experience here an enjoyable one, how ever due to the nature of the business and the upfront cost of the programs, refunds are only allowed for medical reasons. In some cases we can make exchanges for other services such as lift tickets or tubing tickets for the value of the program. Check in the main office.

**CANCELLATIONS** – We hardly ever cancel because of cold weather however, our instructors constantly watch the students to check for the cold weather concerns. If we will not be holding the programs it will be posted on the home page of the web site **www.willardmountain.com** by 7:00 am of the program day. Please if you are not sure check.

**BENEFITS** – All program members enjoy FREE lift privileges on their program’s day and in their time slot. (EXCLUDING holiday weeks) for the entire season. That means once your program has been registered with Willard Mountain, group participants can ski or ride on their ticket, in their time slot ALL SEASON LONG, excluding holiday weeks. Holiday weeks mean those holiday periods when public schools are not in session. If there is a school designated “snow day” on your program’s day, by all means, participants are welcome to come up and ski or ride, but no lesson is included. For skiers and riders who are using Willard’s rental equipment, for sessions other than the six included in the program, the charge for rentals each time is \$5.00. Because program participants are skiing or riding at Willard so much during the season on their program’s day, they are always up to date on the various fun events scheduled throughout the winter, from Obstacle Course Races to spur of the moment complimentary marshmallow melts at the mid-mountain picnic area!

Willard Mountain is a full service ski area. Our Ski Shop can provide the latest in skiing and snowboarding equipment. Our newly expanded lodge offers a complete Snack Bar and also houses our Rental Shop with Snowboards, the new Super Sidecuts and Snowrunners for your winter enjoyment. The owners of Willard, as well as the rest of the Willard Family look forward to being of service to you.

Don’t forget, the best way to check the most updated conditions and events is on our website. Make sure you sign up for our email newsletter for the latest updates on sales in our ski shop, events like Rock The Mountain and more!

We look forward to a great ski season. Please feel free to call Willard Mountain if you have any questions. Willard’s phone number is 518-692-7337.

Thank you,
